## Key benefits

### Michelin always aims to bring together multiple performances.

At MICHELIN, we never work on one isolated element of performance. Instead, we focus on the whole package: safety, durability and the thrill of riding... all at the same time and with no trade-offs. That's what we mean by MICHELIN® Total Performance™, which has and will always be our difference on every tyre.

### Excellent grip on slippery roads in an urban environment

The S83 tyre offers maximum safety. The high performance of its grip is particularly adapted to extreme urban conditions. With the S83 tyre you can get around at all times.

### A Vespa PX look

With its unique vintage style, the MICHELIN S83 is the tyre chosen by Vespa for its most retro models the PX125 and 150.

### A range available in 8/10 inches

The S83 tyre is available in four different styles suitable for all classic scooters (8 to 10 inches).
